WEATHER HELPS TRADE.

The Coming of Cold Accelerates Distribution of Winter Goods.

NEW YORK, Nov. 13.—R. G. Dun & Co.'s weekly review of trade says:

Cold and more stormy weather, so long needed to accelerate distribution of winter goods, has materially helped in some quarters, and the resulting improvement in retail trade is mentioned in nearly every northern dispatch the past week, so that orders to fill stocks have been encouraging.

In some branches the multitude of demands for immediate delivery shows that the distribution to consumers has already gone beyond the expectations of dealers. But this is not as yet the general rule, and with many complaints of delayed trade from other quarters there still remains the extensive shrinkage caused by fever and quarantines at the south.

It is therefore more surprising that the volume of all payments through clearing houses continues about the same as in 1892 and 16.7 per cent larger than last year. Railroad earnings also about equal those of 1892 for the first week of November, and half the mileage in the United States shows earnings in October of $20,254,496, or 8 per cent larger than last year and 2.2 per cent larger than in 1892.

Speculative markets feel disappointment because prices do not rise further and faster, but it is fortunate for producers and dealers that the experience of some past years in that respect has not been repeated. There is nothing to cause general reaction, the purchasing power of the people is gradually increasing, and after the lull which follows extensive replenishment of stocks trade should give ample evidence of that increase.

Failures for the week have been 291 in the United States against 276 last year and 34 in Canada against 45 last year.

DON'T LIKE ECKELS.

As Result of His Election a New Bank May Be Started.

CHICAGO, Nov. 13.—A new bank may be started in Chicago as a result of the election of Comptroller of the Currency James H. Eckels as president of the Commercial National bank.

The election of Mr. Eckels under the conditions which he insisted upon met with the opposition of three of the nine directors, and it is said that the vote by which Mr. Eckels was chosen showed a majority of only one. The opposition to Mr. Eckels was the result of his insisting that he should be given full control and should be allowed to select those who were to assist him in the management of the bank. This meant that the first and second vice presidents and the cashier and perhaps many subordinates would be relieved to make room for men of Mr. Eckels' choice.

Three directors—O. W. Potter, S. W. Ranson and H. A. Ware—will withdraw entirely from the bank on Jan. 1 or perhaps earlier. It is said to be their intention to start a new bank and that the officers of the Commercial National bank who will leave that institution will accept positions with the new concern.

The dissatisfaction with Mr. Eckels' election has not affected the market value of the bank's stock.

HARRISBURG, Nov. 13.—Grand Exalted Ruler Meade D. Detwiler has suspended the Marion (Ind.) lodge of Elks and has forwarded the papers to District Deputy Armstrong of that state authorizing him to secure the charter, paraphernalia and lodge effects. This action was due to the alleged violation of the laws of the order in the method of initiating Robert Fitzsimmons.

Collided With Freight Train.

NEW ROCHELLE, N. Y., Nov. 13.—The 8:38 east bound passenger train on the New Haven railroad ran into a freight train a quarter of a mile from the station here last evening. The freight train was moving east and crossing from the second east bound track into the freight yard. The passenger train crashed into the side of the freight train. The engine struck between a car loaded with oats and one loaded with iron. No one was seriously hurt.

TEMPLE CUP SERIES

The National League Formally Puts an End to It.

ARBITRATION BOARD RE-ELECTED.

Cartwyelles, Whom Umpire Hurst Injured In Cincinnati by Hitting Him with a Beer Glass, Has $75 Voted as a Pecuniary Salve.

PHILADELPHIA, Nov. 13.—The National League baseball magnates got down to work after having devoted a couple of days wholly to social pleasures and sightseeing and incidentally to figuring on the exchange of players. Only one session of the annual meeting was held, however. One of the important results of the session was the abolishment of the Temple cup series of post season games, which have been played between the clubs ending first and second the last four seasons.

The resolution providing for the abandonment of the Temple cup games and which was unanimously adopted was the one which was offered at the last year's annual meeting by Mr. James A. Hart of Chicago and then defeated, with the vote of only Mr. Hart in its favor.

The resolution prohibits exhibition games at any time between National League clubs and declares that the League shall in no manner authorize or lend its support to any game or games between the clubs of its membership except those provided for in the regularly adopted scale. The only opposition manifested to the adoption of the resolution was on the part of Mr. Freedman of New York. The New York magnate felt convinced that his team would next season finish close to the top, and for the benefit of his players he wanted the Temple cup series to be continued. To make its adoption unanimous he voted with the rest in its favor, but remarked that he would set aside a fund of $5,000 or more to be presented to his men should they finish at the top in the season of 1898.

NICHOLAS E. YOUNG.

A committee consisting of Messrs. Young, Byrne and Watkins was appointed to communicate with Mr. Temple of Pittsburg, the donor of the prize, to ascertain his desire as to the disposition of the cup.

The proposition from the minor leagues which modifies the rules relating to the drafting of players and which was favorably recommended by the national board of arbitration was adopted. It provides that no player in the eastern, western or Atlantic leagues shall be drafted by the major league until he shall have been two years with the minor league club and that not more than two players can be drafted from any club of these leagues.

The present national board of arbitration, consisting of Messrs Young, Robinson, Soden, Byrne, Hart and Brush, was re-elected, and the board of directors, which is chosen by lot, will consist of Messrs. Von der Horst of Baltimore, Reach of Philadelphia, Earle Wagner of Washington, Putnam of Louisville, Von der Ahe of St. Louis and Williams of Pittsburg.

The treasurer was authorized to present a check to the Harry Wright Memorial association for $351 to make up the deficit in the fund of that association incurred by the erection at Philadelphia of a monument to the veteran player and manager, the total cost of which was $3,715. A donation of $75 was made to John Cartwrights, the fireman of Cincinnati who while witnessing a game in that city, was severely injured in the head with a beer glass thrown by Umpire Tim Hurst.

There was no trade of players announced yesterday. Several deals, however, are still being discussed and may go through before the meeting closes. President Freedman returned to New York last night.

The Louisville club has purchased from the Reading Atlantic League club the release of First Baseman Carey, formerly of the Baltimores, and Manager Arthur Irwin of Toronto has secured Pitcher Johnson and Outfielder Sheehan from the Newarks.

Carlists Lose Arms.

BARCELONA, Spain, Nov. 13.—The police have seized 200 rifles intended for the Carlists. These were found on board the ship St. Philippe, which took shelter here under stress of weather. The vessel came from Antwerp, and it was intended to unload her on the coast of Valencia.

Did He Kill Werth?

MIDDLETOWN, N. Y., Nov. 13.—Emerald Werth, foreman of the Obernberg brewery at Callicoon, Sullivan county, died yesterday from a gunshot wound, and Joseph Appell, who was also employed at the brewery, is in the Monticello jail, charged with the shooting.

IN BAD SHAPE.

Schooner Towed Into Port With a Crew of Injured Men on Board.

ST. JOHNS, N. F., Nov. 13.—The Gloucester banking schooner Helen Wells has been towed into this port stripped of canvas, rigging and spars. She turned almost bottom up during the gale on Tuesday night last and barely escaped foundering.

Every man of the 18 on board was injured. The ship's hold, the forecastle and the cabin filled with water, every bit of food and clothing was water soaked, and the decks were swept of dories, gear, cables and butts. The water in the tanks all ran out when she keeled over, and the butter from the mess table stuck to the ceiling.

The Helen Wells had an unprecedented experience and is in a worse condition than any other vessel that ever entered this port.

Disaster Near Ocean City.

ATLANTIC CITY, Nov. 13.—The two masted schooner Marie B. Russell, Captain Drinkwater, New York for Baltimore in ballast, was wrecked on the Ocean City bar. The Ocean City life savers rescued the crew of four men. During a westerly gale her foremast was carried off, and while the crew were letting her anchors go she struck the bar, quickly filled with water and sank. At low water she was dry. A wrecking tug from the North American Wrecking company went to the Russell, but left after ascertaining that her condition was hopeless. The vessel was owned by Peter Nickerson of Portland, Me., and was built in 1871. She was 370 tons burden.

CONTRADICTS CLARE.

Evidence of Abram R. Sparrow Conflicts With the ex-Section Master's.

COLD SPRING, N. Y., Nov. 13.—There was waning interest apparent in the coroner's investigation of the Garrisons disaster, and the town hall in this village held not more than half its usual crowd of curious people when the third session was held last night.

Only three witnesses were examined. The most important of these was Abram R. Sparrow, division roadmaster of Peekskill, who on several points gave testimony contradicting that of Michael Clare, former section master, whose evidence had been previously taken. The inquest was adjourned until Nov. 17.

Colonel Cole stated last night that the state board of railroad commissioners, of which he is president, will, at a meeting to be held on Monday, fix the date for their investigation. Colonel Cole said that the reports of the expert engineers and surveyors who have been examining the scene of the wreck on behalf of the state will not be made public until they are presented at the investigation.

Methodist Mission In Alaska.

PHILADELPHIA, Nov. 13.—Bishop Charles C. McCabe caused considerable surprise among the members of the general missionary committee of the Methodist church when he announced that he had established an Alaska mission. He said he had borrowed $100 and sent a missionary into Alaska and that the latter was now ministering to the spiritual wants of the gold diggers. He had paid for $1,000 to enable him to continue the work in Alaska. The request was referred to a special committee, as was also the request of Bishop Newman, who asked that the appropriation for the Chinese mission of California be increased from $7,000 to $7,500.

Tried to Bite Him to Death.

VICTORIA, B. C., Nov. 13.—Word has been received of a particularly brutal attempt by a half breed to kill Colonel Weatherly at Stuart lake. The colonel, who has been with Colonel Wright of Ottawa at Forty-third Hydraulic mines at Ottenera, started out a short time ago for Stuart lake on a hunting trip. The half breed became enraged at Colonel Weatherly and, rushing at him tried to tear him to pieces with his teeth, ripping the flesh from his neck and back. Had it not been for two other men who happened to be present Colonel Weatherly would surely have been killed.

Nominated For Mayor of Boston.

BOSTON, Nov. 13.—The Bryan Democrats, a faction of the regular Democratic party in this city which supported Bryan and free silver, have nominated Mr. Thomas Riley, a well known member of the Suffolk county bar, as candidate for mayor, and also adopted a platform upon which he will stand. Mr. Riley's candidacy will be upon nomination papers in case he is not indorsed by the regular Democracy, which is by no means certain at present.

Priest Was Not Murdered.

PHILADELPHIA, Nov. 13.—The coroner's jury rendered a verdict in the case of the Rev. Henry J. McPake, the young priest found dead on Wednesday morning in an areaway. The verdict of the jury is that death was due to natural causes.

A MOST NOVEL PLEA

Somnambulism the Defense of a Colorado Murderer.

SAYS HE KILLED WIFE WHILE ASLEEP

Dr. Tilden, on the Witness Stand In Denver, Testifies That Such Cases Are on Record—Lynching Feared In Event of Acquittal.

DENVER, Nov. 13.—Probably for the first time in the history of the country somnambulism has been offered as the sole plea in defense of a man charged with murder.

F. C. Sanches killed his wife last week. He told the officers who arrested him a few minutes after the crime that he had been disturbed by a burglar who had entered the room and killed the woman sleeping at his side. Next day he confessed that he had done the shooting and ascribed the fatality to an accident. He demanded a speedy trial and was gratified. His attorney startled the court by pleading not guilty and offering the defense that the shooting was done while the defendant was asleep.

The lawyer asserted that the prisoner labored under the impression that he had been held up on the street the night before and the robbers had come to his room. Under this belief he started in his sleep and, taking a revolver from under his pillow, fired at the supposed intruders and killed his wife.

Dr. Tilden was placed on the stand to substantiate the claims and testified that such cases were known as masked epilepsy and that medical science had chronicled several fatalities similar to the contention of the defense. He testified that persons afflicted with this malady could do the most desperate things, dreaming meanwhile, or else being utterly unconscious of their actions.

When the condition or state of mind had passed away the person so afflicted would remember the dream alone and be entirely oblivious of any physical action while in the state described.

In the Sanchez case Dr. Tilden said he might not have recovered from a condition of masked epilepsy until the next morning. There seemed to be little doubt in the courtroom of the actual guilt of the prisoner, but the novel ideas advanced by the attorneys and the witnesses had the effect of casting a doubt in the minds of many.

One case cited from Maudsley, an English authority on mental diseases, was that of a man in Switzerland, who, while asleep and thinking that he had been called upon for help, seized a pistol from beneath his pillow and shooting at a phantom, killed his wife.

Dr. P. H. Pershing, for the state, controverted many of the statements of the defense by testifying that it was possible, but not probable.

The jail is closely guarded in expectation of a visit from a vigilance committee in the event of an acquittal.

The Silent Man From New England Dead.

ROCKPORT, Mass., Nov. 13.—John D. Sandborn, a man of national reputation, died at his home here after a lingering illness. Although Mr. Sandborn never held public office, his influence with public men was very great on account of his personal friendship with them. During the war he had charge of all the government funds that passed through the express companies, and after Lee's surrender he was commissioned by the government to collect an immense amount of unpaid debts due the government. At this time he was given the sobriquet of "The Silent Man from New England." He was born in this town April 1, 1821.

Turnpike Company Organized.

ALBANY, Nov. 13.—The Brooklyn and Jamaica Bay Turnpike company was incorporated with the secretary of state, with a capital stock of $100,000. The company proposes to construct a road whose termini are to be at Rockaway Beach, in the town of Hempstead, and at Old Mill creek, in the town of Jamaica, which are about four miles apart. The directors of the company are Joseph McClain, Andrew A. Bulsey, Theodore Bernard, Charles H. Kelby and George Kellar of Brooklyn.

Reargument In a Land Case.

ALBANY, Nov. 13.—Attorney General Hancock has been served with a notice to the effect that a motion would be made before the United States supreme court on Monday for a reargument in the Benton Turner Adirondack land case, which was decided some weeks ago by that court in the state's favor. The case in issue is the right of ownership of some 7,500 acres of land in the Adirondacks which the state bid in at a tax sale.

Picture Frame Factory Burned.

BALTIMORE, Nov. 13.—Fire in the warehouse of Frederick Bergner & Co., manufacturers of picture frames, at 308 and 310 West Pratt street, caused damage estimated at $75,000; covered by insurance. SATURDAY, NOV. 13, 1897.

The *Chenango Union*, the home organ of Elliott Danforth, Chairman of the Democratic State Committee, has taken time by the forelock, and in a carefully considered and very eulogistic article urges his nomination by the Democrats for Governor, next year.

In Herkimer county the Republican Board of Canvassers counted more effectually than they did in Orange county, where they lost heart and courage at the storm of indignation aroused among Republicans when it became known that it was proposed to "do some fine work" in the official canvass. The Herkimer canvassers had nerve enough to wipe out a majority of seven on the face of the returns for the Democratic candidate for Member of Assembly and transform it into a majority of seventeen for his Republican opponent.

The announcement that President McKinley has told Senator Platt that the "organization" cannot control all of the New York patronage and the assurances given certain independent Republicans that the administration proposes to treat them fairly, and even liberally, have greatly encouraged the anti-machine men in Middletown. Mr. Dayton has brushed the dust off his big petition for postmaster, and all the other fellows who have been hoping post office lightning might strike them have been quietly asking advice as to what to do to get their candidacy in shape.

Assemblyman Tramor, of New York, announces that as soon as possible after the Legislature meets he will introduce a bill looking to the formation of a new state, to be known as Manhattan and to be composed of the Long Island counties and the counties of New York, Richmond, Westchester, Orange, Putnam, Rockland, Dutchess, Ulster, Greene Columbia, Albany and part of Schoharie. A new state cannot be formed without the consent of the people of the whole State expressed through a constitutional amendment, and this done the sanction of the Federal government would have to be secured before Manhattan could be added to the Union

Some of the Republican bosses, yielding to pressure from at home and abroad, have reached the point where they do not hesitate to say that City Treasurer Robertson's candidacy for the post office must be abandoned. One of them has even gone so far as to suggest that A. J. Hornbeck be given the place "in the interest of harmony." Other members of the combine are determined to stand by Mr. Robertson to the last. They say there is nothing else to be done, that he is just as good a candidate now as he was when he was promised the appointment and that any change of programme is a cowardly surrender to "Republican traitors." When the "gang" falls out there is a show for the people. Why not settle all dispute by giving the appointment to the person best fitted for the place, who is in every way deserving whose appointment would please ninety nine of every hundred people in Middletown,—Miss Emma C. Hulse?

THE YALE-HARVARD GAME.

Neither Side Score in the First Half—Over 24,000 People Watching the Great Foot Ball Contest—Yale's New Play.

BY ASSOCIATED PRESS.

CAMBRIDGE, Nov. 13.—The weather is fair and cool, wind twenty miles an hour and field in fair condition.

Never before did a foot ball game here attract so much interest. A very large number of Harvard alumni are here and Yale is represented by a larger crowd than was ever before in Cambridge.

The Yale eleven spent the morning in their room at the Hotel Vendome practicing tricks and signals. The Harvard eleven had no practice but spent the morning quietly, talking to their coaches. Both elevens were confident of victory.

The game was called at 2 o'clock.

The teams as they lined up were as follows:

Harvard	Position	Yale
Cabot	L E	Hasen
Swain	L T	Rodgers
Bonver	L G	Chadwick
Doucette	C	Cadwallder
Haskell	R G	Brown
Donald	R T	Chamberlain
Moulton	R E	Hall
Garrison	Q B	Desaulles
Dibblee	L H B	Corwin
Warren	R H B	Benjamin
Haughton	F B	McBride

Yale won the toss and played with the wind at her back. Harvard kicked off amid the wildest excitement.

A novelty in foot ball was introduced in the game that the thousands of spectators knew nothing about. Under the north stand was a well equipped field hospital with cots, medicine chests, surgical instruments, etc.

At 2 o'clock every seat was occupied and there were over 24,000 persons on the field.

The struggle was sharp throughout the first half which ended at 2:59, Harvard had the ball on her 25 yard line. Neither scored.

Yale secured a gain at one vital point in the game by springing a new play on Harvard. The three centre men got close to the ground on all fours, the tackles dropping back a trifle.

The quarter back and Corwin were in the pocket. At a signal the three men in the centre lifted themselves with herculean force, carrying the opposing men from their feet into the air and pushing Corwin through for a gain.

Warren's shoulder was dislocated during the scrimmage, but he was not seriously hurt. Parker took his place.

We live in a country of which the principal scourge is stomach trouble.

It is more widespread than any other disease, and very nearly more dangerous.

One thing that makes it so dangerous is that it is so little understood.

If it were better understood, it would be more feared, more easily cured, less universal than it is now.

So, those who wish to be cured, take Shaker Digestive Cordial, because it goes to the root of the trouble as no other medicine does. The pure, harmless, curative herbs and plants, of which it is composed, are what render it so certain and at the same time, so gentle a cure.

It helps and strengthens the stomach, purifies and tones up the system.

Sold by druggists, price 10 cents to $1 per bottle.

THE RACE DIDN'T COME OFF.

D. Kelly and M. O'Connor Didn't Race from Johnson to Deckertown.

From Our Johnson Correspondent.

Everybody in the village was looking forward to some sport, to-day, when the race between M. O'Connor's Nickthroy and D. Kelly's road horse was to take place. The start was to be from J. R. Drake's store, and the race to finish at DeCamp's Hotel, Deckertown, fourteen miles away. Mr. O'Connor bet he could reach there and have his horse stabled before the arrival of Mr. Kelly.

But the race did not take place, and we are all disappointed. Mr. Kelly "backed out," last night, and thereby forfeited his stake.

DO IT FOR YOURSELF.

You can tell just as well as a physician whether your kidneys are diseased or healthy. The way to do is to take a bottle or glass tumbler, and fill it with urine. If there is a sediment—a powder-like substance—at the bottom after standing a day and night, there is something wrong with the kidneys. Another sure sign of disease is a desire to urinate often, and still another sign is pain in the back If urine stains linen, there is no doubt that the kidneys are affected.

Any and all diseases of the kidneys, liver, bladder and of the urinary passages and constipation of the bowels are cured by Dr. David Kennedy's Favorite Remedy. There is no question about its being the best and surest medicine in the world for such troubles. It quickly relieves and cures inability to hold urine, and people, young or old, who take it are not compelled to get up a number of times during the night. For putting an end to that scalding pain experienced in passing urine, nothing is so good as Dr. David Kennedy's Favorite Remedy. It corrects the bad effects of whiskey and beer; is pleasant to taste, and does not seem to be medicine at all. Diseases of the kidneys and bladder often require the use of instruments to push back the sandy matter so the urine can be voided. In such cases Favorite Remedy should be taken without further delay or the disease may prove fatal. It is sold for one dollar a bottle at all drug stores. It is well worth many times its price.

Samples Free.

If you wish to test Dr. David Kennedy's Favorite Remedy before buying it, send your full post office address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper. We will then mail you a sample bottle free, as well as circulars giving full directions for its use. Every reader of the Argus can depend upon the genuineness of this liberal offer, and all sufferers from kidney troubles should take advantage of it at once.

"After suffering from dyspepsia for three years I decided to try Burdock Blood Bitters. Two bottles cured me entirely." Mrs. G. C. White, Taberg, Oneida county, New York.

24TH ATHLETIC ASSOCIATION.

Hilltiamen Preparing for the Winter's Athletic Sports—Officers Elected and By-Laws Adopted—Uniforms Ordered for Base and Basket Ball Teams.

At the meeting of the 24th Separate Company Athletic Association in the Armory parlors, Friday night, athletic enthusiasm was way above par. The winter's outlook is exceedingly bright.

The Association adopted by-laws, Treasurer Gausman announced a well supplied treasury and the following officers were elected and committees appointed:

President—Lieutenant George E. Wallace.

Vice President—Corporal George M. Minspaugh.

The association ordered uniforms for the base ball and basket ball teams, balls, etc. The proposition to build a shuffle board was laid over until the next meeting, Tuesday night.

All honorably discharged members were granted the of privilege membership in the Association by paying fifty cents dues each year. They may also have a voice, but no vote in the meetings.

A three company base ball and basket ball league, which the two Newburgh companies will be invited to join, was discussed and the project will be pushed to a successful completion, it possible, it being understood that the Newburgh companies favor such a league.

SHOT A FINE BUCK.

Andrew Bertholf Was the Lucky Gunner on this Trip to Pike County.

Andrew T. Bertholf, Jacob Gunther, Thomas Perry and Nate Hubbard, of Port Jervis, returned Friday night, from their deer hunt in Pike county. They had very disagreeable weather the first three days, but with colder air came clear skies and the party returned home about 12:30, Friday night, bringing with them a fine buck.

The game was Mr. Bertholf's. It was his first deer and he is as proud of it as is Garrison, who hung it in front of his market, at North and Orchard streets. The buck weighs about 200 pounds and was the only deer started up by the party.

Mr. Bertholf was seated on a log in a thick woods through which the deer had established a favorite runway. Suddenly he heard the shuffling of the hoofs through the leaves, and in a few moments a handsome fellow, his head erect and antlers poised, stood in range. The hunter raised his rifle carefully. The movement was seen and the buck gave a snort of fear and started away. There is no buck fever under Mr. Bertholf's hat and he sent a ball just ahead of the fleeing buck. It was partially successful, finding a path through each fore leg. This only served to impede the deer's speed and Mr. Bertholf sent another and another ball after him, one of which struck the fore leg at the body. The deer sank to the ground and Mr. Bertholf waited for Guide Hoffman to appear.

But when Hoffman, knife in hand, approached the wounded buck he staggered to his feet and offered battle. Mr. Bertholf shot quickly and a bullet in the head made death certain.

MARKED BILLS GIVEN

A Clever Trap Arranged by the Owners of the Trading Stamp System.

Sperry & Hutchinson, who control the trading stamp business, caused the arrest in New York, Thursday, of Charles Koch, editor of the *Retail Grocers' Advocate*, and Alonzo Marks, who claims to be an advertising agent. It is alleged that $5,000 was demanded for not publishing in the *Advocate* an article attacking trading stamps. In order to trap Koch and Marks $1 500 in marked bills was paid the former and $500 the latter and they were then arrested.

Damage Suits Settled for Small Amount.

The Molzingah Water Co. is settling for the loss lost by the bursting of its dam by paying $150 each. John Conroy, who lost three children, has accepted $150; Lorenzo Dulco has accepted $150 for the loss of a daughter and Mary Sinke the same amount for her dead husband. These small amounts are accepted because the company's property is mortgaged for its full value and judgments could not be collected.

Port Jervis Kept Middletown's Appointment.

Middletown High School foot ball eleven has apparently been signalled by anxious parents or relatives, and the appointment which was made for to-day, at Warwick had to be cancelled. Warwick's manager at once telegraphed to Port Jervis, and the latter team went to the parlor village, to-day, to play.

Special Sermon to St. Paul's Sunday School.

ON THE TIP OF THE TONGUE.

The *Port Jervis School Journal*, mentioning the action of the women's clubs of this city in starting to inculcate a course of lectures says that "the sublime example of our sister city is worthy of emulation by Port Jervis society." "Sunflower examine" is particularly good. Nothing more commendable could possibly have been said.

Alfred Bogart, a Paterson, N. J., man is an independent candidate for Sheriff of Passaic county. Not and what to put it middle, was the question, was in this city, Thursday. He says that he knows that he got 5,000 votes, which were not counted by either of the newspapers were against him. And a man can do a thing when the papers are against him!—a remark which shows that Mr. Bogart's head is good on at least one subject. Mr. Bogart says he'll get the office of Sheriff, or make one hot out of something with an independent nomination he will show up at the primaries with his friends and see the deck.

The Stony Ford correspondent of the Montgomery *Reporter*, writes:

West Decker, of Middletown, has killed nineteen squirrels in Wm. White's woods. Lewis McGarty says he don't care how many squirrels he takes if he would only tell him the cure for potato rot.

Gabriel Turnal now leans on a genuine blackthorn which Thos. Watts brought from Ireland. He has had a deer's hoof inserted for a handle, and "Gabe" now announces that he will wear that cane in Klondike next spring.

Consumption in its advanced stages is beyond power of man to cure. It can be prevented, though, by timely use of Dr. Wood's Norway Pine Syrup, nature's own remedy for coughs and colds.

—After Nov. 21st, the L. and N. E. train from Deckertown will connect with the Mountain Express at 8:27 a. m., instead of the Orange County Express.

—The Goshen Scholastic foot ball team is at Liberty, to-day. Their motto is: "Give us Liberty or death."

—The grade of Goshen will be used as public seats, beginning at 2 o'clock on the morning of Nov. 18th.

—The Good Templars drill team of this village will be given in Port Jervis, Friday evening, Nov. 26th.

CHILE IN A DREIBUND

A Reported Combination to Seize and Divide Bolivia.

PERU AND ARGENTINE CONCERNED.

The Story, However, Is Discredited by Diplomats at Washington—Review of the Complications Affecting These South American Countries.

WASHINGTON, Nov. 13.—Cabled reports from Valparaiso of the existence of a plan for a dreibund of Chile, Peru and Argentine, with the purpose of seizing and dividing Bolivia, has attracted considerable attention in diplomatic circles here, but those who are well informed concerning South American affairs are inclined to question them.

One of the diplomats who should know if any such scheme were in contemplation pronounced baseless the idea of an alliance between Chile, Peru and Argentine for the division of the territory of Bolivia. Argentine, it is pointed out, has absolutely nothing at stake in the pending difficulties between Peru, Bolivia and Chile over the boundary lines, and so far as is known here there never has been a suggestion for the absorption of Bolivia by Chile and Peru.

The pending negotiations between these three latter countries for the definite location of their boundary lines grew out of the old war between Peru and Bolivia on the one hand and Chile on the other. By the treaty of Ancon in 1883 the Peruvian provinces of Tacna and Arica, containing the rich nitrate beds of which Chile had obtained possession, were to remain in the hands of Chile until 1894, when the question of permanent ownership as between Chile and Peru was to be decided by popular vote. In case the provinces should give their vote to Peru, the latter country was to compensate Chile for their loss with 100 000 000 sols.

Owing to the revolution in Peru in 1894-5, it is explained this stipulation of the Ancon treaty never was carried out, but it is said a negotiation for settlement is now in progress, with indications of an early peaceful settlement. No treaty of peace between Bolivia and Chile was made until 1895. A truce was arranged in 1882 which left Peru in possession of Bolivia's stretch of seacoast and two ports.

Bolivia's great object was to secure again an outlet to the sea, and by the treaty of 1895 Chile agreed to give Bolivia a seaport. Inasmuch as the stretch of territory taken from Bolivia lies between the provinces of Tacna and Arica, taken from Peru, it was manifestly impossible for Chile to surrender an outlet through the old territory of Bolivia without completely segregating and dismembering her own territory.

It is this problem which has delayed the settlement of the whole question and raised issues which have produced more or less feeling in each of the countries. The situation was further complicated by the contention of Bolivia that the revolutionists in Chile, at the time of the overthrow of Balmaceda, promised to cede the former Peruvian provinces of Tacna and Arica in return for the recognition of the belligerents by the Bolivian government. Any individual pledges which may have been made to this effect, it is stated, have been practically repudiated by the Chilean government.

But it seems probable that the final outcome will be the cession to Bolivia of one of the ports at the northern extremity of the territory taken from Peru in order that Chile may preserve the integrity of her territory to the south.

At the Chilean legation a peaceful solution of the whole difficulty is anticipated. The journey of the Chilean minister to Bolivia, Senor Solinos, to Washington is explained on the probable theory that the government desired to confer with him in person relative to the negotiations he is conducting. It is not believed here that it means the withdrawal of the minister and the severance of diplomatic relations with Bolivia.

Think Reed Is a New York Crook.

CLINTON, Mass., Nov. 13. — John Reed, the alleged bunko steerer, was arraigned in the district court upon charges of gambling and assault with intent to kill. The latter charge was based on an assault threatening to shoot Constable Parker of Harvard if he attempted to follow him and his pal another step. Reed pleaded not guilty and was held in $500 bonds on the first charge and $1 000 on the second, and the case was continued one week. Inspectors from Boston and Worcester are here today. Inspector O'Day of Boston thinks he recognizes Reed as Lou Miller, a well known New York criminal.

Wanted to Impeach the Ministry.

VIENNA, Nov. 13.—The anti-Semites discussed yesterday the proposal to impeach the premiers for an alleged violation of their ministerial powers by the issuance of a decree authorizing the official use of the Czech language in Moravia. The members of the Left refused from the chamber at the beginning of the sitting after a declaration that they would readily co-operate in a constitutional settlement of the question if necessary, by peaceful compromise. The impeachment proposal was finally rejected by a vote of 177 against 171.

Want Better Wages.

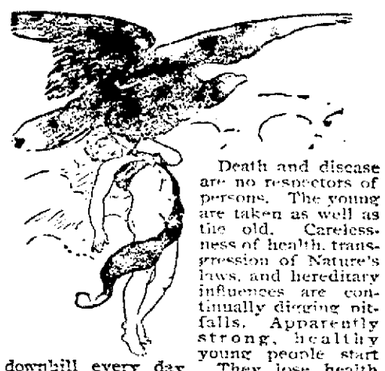
MONONGAHELA, Pa., Nov. 13.—A meeting of Third Pool River miners in Lee's hall last night discussed the rate established by arbitration. A resolution was adopted ignoring the $2.15 rate and to stand out for the price agreed upon at Columbus—$2.47 per hundred cubic feet for mining.

John C. Bullitt's Nephew a Suicide.

NEW YORK, Nov. 13.—John C. Bullitt, nephew of John C. Bullitt, the well known Philadelphian, and son of the late Joshua F. Bullitt of Kentucky, committed by taking poison. The motive for the deed is a mystery. He leaves a wife and a 2-year-old child.

Killed by a Train.

PROVIDENCE, Nov. 13.—Joseph E. Cloutier, 33 years of age, a brakeman employed by the New York, New Haven and Hartford railroad, was killed in the Stonington yard. He slipped from a car after unshackling, and a car passed over his neck and head.



Death and disease are no respecters of persons. The young are taken as well as the old. Carelessness of health, transgression of Nature's laws, and hereditary influences are continually digging pitfalls. Apparently strong, healthy young people start downhill every day. They lose health and life just when the possibilities of life seem greatest. Some slight disorder, carelessly neglected, is reinforced by other kindred troubles. Indigestion, indicated by sourness of the stomach, flatulency, heartburn, and distress after eating, are followed by disordered liver, constipation, headaches, kidney disease, loss of appetite, nervousness, debility and loss of flesh. Loss of flesh prepares the way for the most serious consequences. Weakness from any cause is an invitation to consumption. The germs of consumption are in the air and in our food—in the water we drink. They are everywhere. But they are harmless to the perfectly healthy body. It is only when the body is weak that they do any harm. Prompt measures should be taken at the first indication of disease. When indigestion shows itself in any form it calls for the immediate use of Dr. Pierce's Golden Medical Discovery. This wonderful medicine is an invigorating tonic for the whole system. It purifies and enriches the blood and searches out the disease germs wherever they may be in the body. It builds up firm, solid, healthy, useful flesh. It strengthens the nerves, stimulates the appetite, makes digestion and nutrition perfect and brings sound, refreshing sleep. The marvelous success of this truly wonderful medicine has brought into existence scores of imitations.

RECIPROCAL TRADE.

Kasson, Laurier and Davies Will Hold a Consultation.

THIS IS DEFINITELY ANNOUNCED.

The Sealing Conference Has Been Resumed, With Propositions Presented by the Representatives of Canada and the United States.

WASHINGTON, Nov. 12.—Definite preparations have been made for negotiating a reciprocity treaty between the United States and Canada. Meetings have been arranged between Hon. John W. Kasson and Sir Wilfrid Laurier, the Canadian premier, and Sir Louis Davies, minister of marine. This is the result of the long conference between Secretary Sherman and Sir Wilfrid.

The questions of border immigration, north Atlantic fisheries, lake fisheries and all other subjects affecting the two countries will be taken up soon. The meeting with Mr. Kasson, however, will be confined to reciprocity. It is not expected that the reciprocity treaty itself can be matured during the present visit of the Canadian officials, the desire being to arrive at some common understanding and perfect details later.

The dinner at the White House assisted toward a friendly settlement of pending questions. At its conclusion the guests accompanied the president and his cabinet advisers to the blue room, where an informal and personal exchange of views occurred. The general sentiment prevailed that the present time was opportune for more cordial intercourse between this country and Canada.

It is understood that the Canadian officials believe the markets of the United States and Canada are so closely connected geographically that it is essential that the countries look to each other rather than to markets thousands of miles distant and difficult of access.

The third session of the seal experts was held at the state department yesterday, all of the representatives of the United States, Canada and Great Britain being present except Sir Wilfrid Laurier.

During the conference a series of propositions was presented by the American representatives covering the number and habits of the seals and the extent to which the seal herd had been reduced during the five years in which the Paris award had been in operation. In turn the British-Canadian representatives presented counter propositions covering their view of the same subjects. These propositions differed considerably, but were not so wide apart as to lead to the belief that they could not be reconciled.

It was felt to be desirable to hold no afternoon session, in order that the two sets of propositions might be compared. Later in the day the British-Canadians submitted some further amendments to the American propositions. The propositions do not embody any diplomatic features, but are solely scientific as to the number, habits and destruction of the seals.

After the experts have reconciled their propositions the diplomats will begin to consider the larger subject of providing an adequate remedy against seal destruction. It is not expected, however, that this stage will be reached for some days.

Van Valkenburg Must Pay the Fine.

EASTON, Pa., Nov. 13.—The Northampton county grand jury yesterday afternoon ignored the bills against General Frank Reeder, late secretary of the commonwealth; Representative Webster C. Weiss and Maurice O. Luckenbach and put the costs on Frederick C. Van Valkenburg, the retired prosecutor. The charges were conspiracy to commit bribery and to defame the character of ex-Prosecutor General John Wanamaker in the legislative campaign for United States senator which resulted in the defeat of the latter by Senator Penrose.

Mr. Sovereign Stays Out.

LOUISVILLE, Nov. 13.—The general assembly, Knights of Labor, at its session yesterday, elected H. A. Hicks of New York city to succeed General Master Workman Sovereign. Mr. Sovereign declined re-election because his time is taken up in political work. He also means to do a great deal of editorial work and will work for the Knights of Labor on a salary. His successor has been engaged in the work of the order for 25 years and is a practical builder. Mr. Hicks was elected unanimously.

Kelley's Light Sentence.

DOVER, N. H., Nov. 13.—Joseph E. Kelley has been pronounced guilty of murder in the second degree by Chief Justice Mason and sentenced to 20 years in state prison at Concord. The charge against Kelley was the murder of Cashier Joseph A. Stickney of the Great Falls National bank. It had been intended to plead insanity for Kelley, but, as before reported, he entered a plea of guilty.

IN ANCIENT GOSHEN.

Some Local Notes—Personal Mention—Language Not Always the Best Vehicle of Thought.

From a Special Correspondent.

—The Ladies' Whist Club was entertained, this afternoon, by Mrs. S. W. Beardsle, at her home on Murray avenue.

—Mrs. Frank Merriam and daughter, who have been spending a part of the summer with Mrs. Wm. M. Sayer, of this village, returned to their home in Chicago on Thursday.

—There is something very pathetic in the eyes of a dumb animal when it is trying to make known its wishes or feelings. Its inability to express its thoughts and sentiments in words seems to give such expression to its organs of vision and even to its whole body that it is a question whether one does not enter more into its real feelings and understand its motives more thoroughly than we are able to do with many who have the power of speech. When your dog fears your anger, for instance, he is apologetic down to the very tip of his tail, or, if he is offended with you will turn his back upon you, while every hair will bristle with righteous indignation. It often happens that human beings are not so frank and genuine in the expression of their true feelings as are their four-footed friends. A cynic has said that the gift of language was given us in order that we might conceal our thoughts. The writer noticed in a local paper, the other day, an invitation to the general public to make known its wants through the medium of the "one cent a word" column; and immediately she fell to thinking what strange reading that column would be if the suggestion should be literally followed. What entirely new ideas we should get of many people whom we have known well and with whom we have fancied ourselves to be on intimate terms for years. Our own secret thoughts and aspirations are apt to be so very different from what they are supposed to be, that that portion of the paper would undoubtedly be the first one scanned by its readers. Why, it would be like a chapter out of one of Wm. D. Howell's works to a student of human nature. In spite of all that we know of our own self repressions, we are so apt to judge people by what they appear to be. A friend once said that somehow her acquaintances always would believe her just when she did not wish them to. We can understand what she meant by this statement, startling as it seems at first. It is very often the flippant thing we say to cover up a real emotion, by which we are judged and condemned. Wasn't it poor Thomas Hood who wrote and joked and punned while serious sickness was in his household and death staring him in the face? What sad hearts the old time jesters must have carried, oftentimes under their motley. It is natural for every one to put his "best foot foremost," and yet, when he does so, how often it seems to others to be decorated with a cloven hoof.

THE HOGAN BOILER.

The Wallkill Hat Works Orders a 150 Horse Power Boiler—Progress of Other Work

The Wallkill Hat Works, Friday, gave the Hogan Boiler Company an order for a boiler of 150 horse power to be placed in the factory on Mill street at an early day. There was sharp competition for the order, which was awarded the Hogan Boiler Company on the merits of its boiler.

The sixteen horse power boiler, which the Hogan Boiler Company has put in the Russell House for heating purposes, was started up, Friday, and proved itself to be a dandy. This is the first boiler for domestic heating ever put in by the company.

Work is being pushed as actively as possible on the two 100 horse power boilers which the Hogan Boiler Company is putting in the Orange county brewery and they are nearing completion.

"THE COMING OF THE KING."

Dudley Buck's Cantata to Be Produced by Grace Church Choir.

The choir of Grace Church, assisted by local talent, will render Dudley Buck's cantata, "The Coming of the King" on the evening of Dec 7th. The work is of a high order of dramatic composition and one of a series of church cantatas recently published by this popular composer. The composition requires about an hour and a half for its performance, and therefore might, perhaps, be described as a short oratorio. Lovers of good music will do well to bear the date in mind and make no other engagement for the 7th of December, as this promises to be the best musical service ever given by the choir.

Runaway Boys sent Home.

Officer Duffy found two boys, about eleven years old, hanging about the Erie docks in Port Jervis, Thursday night. He took them to the lock-up and it having been learned that the lads had run away from their homes in Jersey City, the Overseer of the Poor sent them back, Friday.

Another boy, twelve years old, who says his name is Kiernan Burns, was picked up in Port Jervis, Thursday night, and sent to St. Mary's Home until his parents can be located. It is thought he came from Grassy Point, on the Hudson.

Thousands testify that they have been absolutely cured of blood diseases by Hood's Sarsaparilla, although they had become discouraged by the failure of other medicines to give any relief. The official reporter writes:

It can be safely stated that there will be no further contest in those cases in which so much interest has been taken since the election. Mr. Bogart assured me that he was satisfied with the count, and Mr. Bedell's attorneys say that he and they are perfectly satisfied with the count and canvass made by the Board of Supervisors.

The *News of the Highlands* and the Port Jervis *Gazette* were designated to publish the official canvass.

William Smith, of Montgomery, was shot in the nose, Thursday, in an altercation that occurred at his house. The wound is a slight one. All parties concerned are silent about the affair and although the authorities tried to investigate they made no progress.

Some Foolish People

Allow a cough to run until it gets beyond the reach of medicine. They often say, "oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 25c. and 50c. Trial size free. At all druggists.
